Beginning with 2014 data, the New Jersey State Cancer Registry developed new criteria for the Award for Excellence in Timely and Complete Cancer Reporting. Facilities that achieve Gold, Silver or Bronze recognition have met rigorous benchmarks in each of the three criteria categories: completeness, timeliness, and quality.

Our goal is to continue to promote timely, complete, quality cancer reporting. Your participation in this process enhances our efforts. Thank you for participating, and I strongly encourage you to participate again next year.

Sincerely,

Stephanie M. Hill, MPH, CTR
